CERTIFICATIONS
- CompTIA Network+ May 2023
- Certiport IT Specialist March 2024

SKILLS
- Design Thinking
- Wireframe Creation
- Full Stack Coding
- Project Management Tools
- Programming Proficiency
- Data Structures & Algorithms
- Version Control (Git)
- Web Development (Frameworks)
- Database Management
- Clean Code Practices
- Agile Methodologies
- Cloud Platforms
- Software Testing
- Problem-Solving Skills
- Communication & Teamwork
- Continuous Learning
- Ticket Creation
- Automated workflows
- Remote management

EDUCATION

ASSOCIATES IN APPLIED SCIENCE (PROGRAMMING FOCUS)

Pellissippi State Community College
Expected Graduation: May 2024

LANGUAGES

C#, SQL, JAVA, HTML, CSS, JAVASCRIPT, PYTHON, JQUERY, REACT NATIVE

LEAD APP DESIGNER

Project Chelsea
Janurary 2024 - On going

Streamlined development of a React Native mobile app in collaboration with the client, translating their vision into reality. Led the project from design documentation and wireframes to final execution, with a focus on creating an innovative application akin to Uber for restaurant staff. Delivered a seamless user experience and modern design, incorporating cutting-edge features and functionalities. Completed as part of the capstone course at Pellissippi.

SOFTWARE PROFICIENCY

WINDOWS, LINUX, OFFICE 365, ORACLE, TRELLO, NETBEANS, GIT, VISUAL STUDIO, SECURE SHELL, VS CODE, RELATIONAL DATABASES, POWER AUTOMATE, SHAREPOINT, POWERSHELL
